

Course Description

BEA WebLogic Server® 9.0: Upgrading to WebLogic Server 9.0

Course Details:

Course ID: WLS-A02-90
Format: Instructor-led Training
Length: 3 days
Product: BEA WebLogic
Server 9.0

How to Enroll:

Americas:
Web: <http://education.bea.com>
Email: education@bea.com
Phone: 1-800-232-4858

Europe:
Email: education.emea@bea.com
Phone: +44-1494-559500

Asia Pacific:
Email: edu-apac@bea.com
Phone: +852-2290-9233

After taking **BEA WebLogic Server® 9.0: Upgrading to WebLogic Server 9.0** course, you will have the skills to:

- Upgrade a 6.1, 7.0 or 8.1 BEA WebLogic Server application environment to BEA WebLogic Server 9.0
- Work with the new system administration features of BEA WebLogic Server 9.0

Course highlights

This course trains BEA WebLogic system administrators on the mechanics of upgrading an older version of BEA WebLogic Server to version 9.0. They will learn how to plan and prepare for a successful upgrade, as well as perform the upgrade and post-upgrade tasks for a 100% functional application environment. The student will also spend a significant amount of time learning and trying out the new 9.0 system administration features. They will get a chance to work with the new console, use the diagnostics framework, redeploy applications side-by-side and more.

Who should attend this course

- Experienced BEA WebLogic system administrators

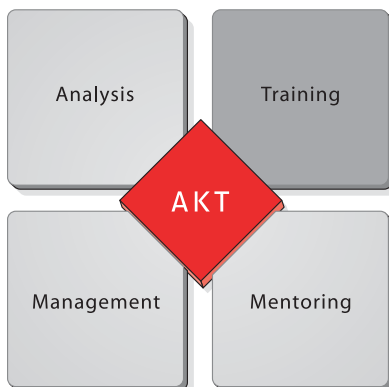

Prerequisites

- BEA WebLogic Server 6.1, 7.0 or 8.1: System Administration course (WLS-A11) or equivalent experience

Recommended prerequisites

- None

Accelerated Knowledge Transfer
